

MILLER CITIZENS CORPORATION

P. O. BOX 2645 - GARY, INDIANA 46403

"MILLER, THERE'S NO PLACE I'D RATHER LIVE"

Honorable Governor Mitch Daniels
Governor of the State of Indiana
200 W. Washington Street
Indianapolis Indiana 46204

Greetings Governor Daniels,

My name is Eric E. Reaves President of the Miller Citizens Corporation (MCC) (www.millercitizenscorp.org) a community organization that has supported property tax caps and property tax legislation; we were instrumental in the advancement and fight for such legislation and a tax cap circuit breaker in 2006.

I am writing to you along with George A. Rogge Past-President of the MCC and lead person in our past support and lobby for tax caps. We write to voice our support of Question #1 that will amend the property tax caps into the state's Constitution and will ensure Hoosiers against a backwards slide from the historic reform package approved in 2008.

We feel that this will provide much needed security for residents and private business owners allowing for the transparency and predictability they need when considering new investments.

By voting and supporting this referendum Hoosiers will make a Great State's quality of life that much better.

Best Regards,

Eric E. Reaves
President

George A. Rogge
Past-President
