May 12, 2011

Greetings,

I am Eric E. Reaves president of the Miller Citizens Corporation a forty-year-old community organization committed to improving the quality of life in our immediate community and that of the community at large in the City of Gary.

I am writing in support of the grant application by Banneker and Marquette Schools for Safe Routes to School. This application if funded will benefit a total of four schools and over 1000 students. Building sidewalks will ensure the safety of students in school zones.

Sidewalks will also act as a conduit to the lakefront, city, and federal parks for other citizens in our community.

Sincerely,

Eric E. Reaves
President
Miller Citizens Corporation
